Super Mario Bros

Super Mario Bros.

🏷 Platformer | Updated: 2025-10-30 | Author: Admin

Super Mario Bros. is a 1985 platform game developed by Nintendo. It is considered one of the most influential titles in gaming history, establishing key mechanics that would become standard in the genre.

Players control Mario as he navigates the Mushroom Kingdom to rescue Princess Toadstool from Bowser. The game introduced power-ups, secret areas, and scrolling levels.
